

CORNWALL
SCIENCE
COMMUNITY

DIGITAL MEDIA ASSISTANT
Cornwall Science Community
Voluntary Position

Role description

We are looking for somebody to assist with aspects of our digital media including the production of blogs and articles for our website, social media, video editing/production and more. Which of these you get involved in is up to you (or perhaps you have other ideas we can pursue).

You will also have the opportunity to take part in committee meetings and other activities conducted by the group, should you wish to get involved.

This role can be undertaken remotely and the duration of time you spend in the role is negotiable.

About the Cornwall Science Community

The Cornwall Science Community is run entirely by volunteers. Our ambition is to help increase the number of people who are actively engaged and involved in science, culture and heritage in Cornwall – whether they think of themselves as scientists or not.

We run a range of events from free talks on all things science, to science walks around the county. For more information take a look at our website – www.cornwallsciencecommunity.org

If you're interested in applying for this role or have any questions do please get in touch with us at info@cornwallsciencecommunity.org
